PERSONAL STATEMENT

- BSc (Hons) Computing 2nd year student with a keen interest in Full-Stack Web Development.
- Good knowledge in HTML, CSS, JavaScript, PHP, MySQL, responsive web design & Object-Oriented-Programming.
- Practical experience developing software and creating dynamic web application projects in a team environment while studying at the National College of Ireland.
- Critical thinker, who enjoys logical problems. Eager on developing my technological skills.

EDUCATION

National College of Ireland, Dublin | ncirl.ie

Sep 2019 – 2023

Key Modules: Advanced Databases, Data Structure and Algorithms, Introduction to Programming, Object Oriented Programming – OOP, Operating Systems, Problem Solving, Software Application for Business, Software Engineering, Web Application and Development, Web Design.

First year project: Developed a fully responsive web page, having a complete interaction with the client, developing wireframe and hosting the web page.

Technologies used: HTML5, CSS3, JavaScript and Bootstrap.

Second year project: Developed an interactive and dynamic web application, which allows the user to register and log in, saving all the information in the database and having a secure and restricted area.

Technologies used: HTML5, CSS3, PHP, SQL and XAMPP.

IMPROVEMENT COURSES

- Full Web Development 2020 by Udemy (Online, 2020).
- Object Oriented Programming in Java by CursoemVideo.com (Online, 2019).
- HTML5, CSS3 and JavaScript by CursoemVideo.com (Online, 2019).
- General English by ATC Language Schools (Ireland, 2018).
- Higher Diploma in Real Estate Transactions by SENAC (Brazil, 2015).
- Commercial Learning by SENAC (Brazil, 2015).
- Human Resources Generalist by SENAC (Brazil, 2012 and 2013).

TECHNOLOGY SKILLS

- **HTML / CSS:** 2 years studying Hyper Text Markup Language and Cascading Style Sheets at NCI. Developed a fully responsive web site as part of my first-year web design module.
- **PHP:** Used PHP in my 2nd year project to make the server-side connection with PDO and to make the web page dynamic and interactive.
- **JavaScript:** Use JavaScript in projects developing dynamic web pages. Also used for my web design project and for others college projects.
- **Java:** Studied Java programming language for 2 years, having a fundamental understanding of Data Structures and concepts of Object-Oriented Programming.
- **Databases:** Studied Databases in my second year where I learned how to create and manage a database.
- **SQL:** Gained knowledge of SQL and developed databases by writing queries.
- **Bootstrap:** Used this framework in the college projects, developing responsive web pages. I have also used the tool Bootstrap Studio to develop a website www.pactorural.com
- **NodeJS:** Gained knowledge of NodeJS, making the connection with MySQL database.
